

This is the first in a series of rituals I will create and post on Patreon. These rituals call upon the little known or talked about Angels of the Decans. Each astrological house of the Zodiac has three decans. Each decan is ruled by an angel that embodies the qualities of that decan. Furthermore, each decan is ruled by a Tarot Card that further elaborates on the correspondences of that decan and angel of the decan so that we may understand their powers and how they can influence and help our lives.

This is the angel of the Second Decan of Aries, Behahemi (ברהמי). Behahemi represents the Sun in Aries (as indicated by the symbols on the top of the sigil). Behahemi is also represented by the Tarot Card, Three of Wands. When we study these two correspondences, we can gain information on the nature, powers, and attributes of Behahemi as the Angel of the Second Decan of Aries.

Behahemi represents motivation, excitement, drive, passion, and energy. Are you the type of person who has trouble getting started on projects or completing them? I know that I am. Behahemi can help with that. He brings the energy and fire of the Sun and Mars together to help us get started on our plans to workout, finish projects, find a new job, get a promotion, bring fresh life to a relationship, anywhere we need power, drive, motivation, or passion, Behahemi can help with that.

This angel helps us to break the old patterns and habits that have held us back and kept us stuck and move forward in life. He helps us to expand our horizons and our vision to see what is possible for us in life. Also helping us to be a visionary, with a clear vision to see what will benefit us or a group and to make sharp, accurate, fast decisions that bring our goals to fruition and our plans to successful manifestation. Behahemi therefore can make us into a good leader.

If you currently feel stuck in life or if you are a conservative person who is only concerned with being secure in what is safe and known, this angel helps you to break free from your comfort zone and branch out into new uncharted territory with courage, confident in your ability to chart unnavigated areas of your life and WIN!

Ritual Method:

1. Chant EE-AH-OH-EH for a few minutes until you feel calm, and relaxed.
2. Scan the outer circle counterclockwise. Scan your eyes over the 4 sigils in the circle. Scan the name of Behahemi in the center in Hebrew and Malachim text.
3. Think of your desire. Know that Behahemi has the power to fulfill your request and that he will hear you and help you.
4. Say the words:

Behahemi (BEH-HAH-HIM-EE)

El (EHL)

Elohim (EH-LOH-HEEM)

Adiriron (AH-DEER-EAR-AWN)

Ehyeh Asher Ehyeh (EH-YEAH AH-SHUR EH-YEAH)

Shaddai (SHAH-DYE)

YHWH (EE-AH-OH-EH)

Elohim Gibor (EH-LOH-HEEM GIH-BORE)

Malkidiel (MAHL-KIH-DEE-EL)

Behahemi (BEH-HAH-HAY-ME)

5. Continue to chant the name Behahemi as you gaze at the sigil for a few 2-3 minutes and know that Behahemi is with you.

6. You can now speak with the angel and tell him your request or ask questions.

7. Close the ritual by saying, "I thank you, great angel Behahemi. As you came in peace, go in peace and fulfill my will as I have spoken."
